2. Purchase Tron (TRX). You can do this using a service directly within the Klever App, or you can use an Exchange (Bittrex, Binance, Coinspot, Crypto). You can also buy directly from a purchase service (Switchere, Paybis). Make sure you allow a little extra for fees.

See the Training Academy at <http://Daisy.CWCAccess.com> for more information.

DETAILED OVERVIEW

3. Choose which Tron Wallet to use primarily - either 'Klever Wallet' (mobile) or 'TronLink' (PC/Mac).

Download Klever from the App Store on your phone. Tronlink can be downloaded for the Google Chrome Browser from TronLink.org. Once installed, follow the steps to create a New Wallet.

You can also restore from one program to the other after you've created the initial account. There are specific details to do this inside the Daisy Training Academy.

4. Send/Transfer your Tron to your New Wallet. To do this you will need to go to your newly created Wallet and and copy the TRX wallet address. This looks like a lot of letters and numbers. DO NOT Write them down, make sure you copy and paste! If it wrong, you may lose your Tron. Then you will go to the place you purchased your Tron and 'Send/Withdraw' to your new wallet using your new Klever/TronLink wallet address.

More detailed instructions on this is inside the Daisy Training Academy.
